CITY OFFICIALS TAKE OATHS

\$62,000 Aid Request Held Over to Fiscal 1962

Antioch will be at the head of the line in July with its application for a \$62,000 federal grant for reconstruction of the sewage treatment plant.

The village has been informed by the State Sanitary Water Board that its fund plea is being put over at the next fiscal year, which begins July 1.

Village Engineer David C. Miller said he was informed that the federal grant to Illinois for such projects had already been exhausted for the current fiscal year, and that Antioch must come in under the applications for the new year.

Miller indicated that the early application on the new year will put Antioch high on the list for consideration.

Miller and the village board are also awaiting approval for the plans for the improvement that he submitted to the State Health Department. They expect approval or criticism within a month. Then the plans must be sent to Washington for approval of the federal health and education department.

Miller is hopeful that all of this can be cleared and the contracts for the sewage disposal and water mains awarded by mid-summer.

The Village has approved a \$325,000 general obligation bond to finance the project, and will pay for the rest through revenue bonds.

Quaker Plant Workers Ballot On Union Ties

Employees of the Quaker Starch Co. of Kenosha, manufacturer scheduled to relocate in Antioch on July 1, were slated to vote this week on whether they wish to be represented by the United Furniture Workers Union.

The election is being conducted by the National Labor Relations Board.

The firm employs some 300 workers and will move into the 152,000 square foot industrial office-plant-warehouse now under construction on a 20-acre site east of the Soo line tracks adjacent to the high school's athletic field.

The new office-plant and adjacent 25,000 square foot storage and shipping warehouse are already under roof and general contractor Arnold N. May Builder, Inc., is pushing for the July 1 deadline.

The firm manufactures TV trays, lamps and houseware items.

County CD Alert Termed 'Success'

A Civil Defense exercise Sunday for radiological, first aid and welfare units was termed a success by Director Richard W. Willer.

The purpose of the exercise was to acquaint Civil Defense and Red Cross personnel with their roles in an enemy bomber attack. Willer said, "The groups worked well together."

Realistic problems highlighted the 2 1/2-hour test at the Lake County Fair Grounds. Radiological teams were sent into "contaminated areas" to monitor radioactive "fallout" and assess damage. Mobile first aid personnel brought in simulated victims and gave them emergency treatment.

Antioch's civil defense team, under director John Horan, was among those participating.

Seven Receive 32nd Degree in Masons

The thirty-second Degree of Oriëntory Consistory of the Masons was conferred Saturday on seven residents in Chicago.

Receiving the degree in the Scottish Rite Cathedral, 915 N. Dearborn St., Chicago, were Robert Charles Wilton, William James Wilton, Howard Shepard, Erling Carpenter, and three Rockow brothers, Jerry, Norman and Eugene.

May 15-20 Is Clean-Up Week

Village President Murrill Cunningham has officially proclaimed May 15-20 as Clean-Up Week in Antioch.

During the week, residents will join in a concerted effort in cleaning up yards, alleys and public areas.

The program will open with a parade on 8 p.m. on Monday, May 15, moving from Antioch Township High School to the Village parking lot.

Pick-up days have been set as May 17 for that portion of Antioch from the north side of Depot St., and May 18 for that portion from the south side of Depot street. (See page 6 for Proclamation).

The Antioch Civil War Centennial Committee, comprising representatives of promoting organizations, will meet at 7:30 p.m. today at the State Bank of Antioch to chart further plans for the three-day festival here June 23-25.

Centennial planning received an official pat on the back Tuesday when Village officials officially sanctioned the beard growing contest sponsored by the Moose as an added feature of the celebration. Centennial officials have been assured the Village will enforce the code of the Brothers of the Brush to the letter.

This means that all males of age must either grow beards or show just cause or proof of inability to comply. Purchase of a shaving permit, at a modest fee, will separate the men from the boys.

The contest officially opened last month, and those males desiring to enter the beard-growing contest may register at Moose Hall, Snow-white Restaurant or The Antioch News.

Also being sponsored by the Moose will be a costume contest for women and children. Costumes will be of Civil War period.

Other events planned for the three-day gala include a torchlight parade, public barbecue, flower and art exhibit, 1860 beauty contest, village-wide display of Civil War mementoes, publishing of a souvenir book and various parades.

Participating groups include the Lions Club, Antioch Woman's Club, American Legion, Loyal Order of Moose, Antioch Garden Club, Pal-etto, Masque and Lyre, Chamber of Commerce, Antioch Township Republican Club and others.

Dr. J. W. Kopriva is head of the planning committee.

Name Two to Handle Work of R. Seyfarth

Assistant State's Attorney Andrew A. Semmelman, Lake Forest, was named Monday as legal adviser to the County Board of Supervisors. He replaces the late Richard B. Seyfarth, Antioch, who died April 22.

Working with Semmelman will be Assistant State's Attorney Behr, Waukegan, who had helped the late Mr. Seyfarth on tax objections, and Assistant State's Attorney Stanley Grosshandler, Highland Park.

Grosshandler, who has been handling zoning matters, will also be legal adviser to the Lake County Forest Preserve District board of commissioners. Both he and Behr will assist Semmelman on the job formerly handled by Mr. Seyfarth.

Grade Band Wins Fifth State Title

The Antioch Grade School Band chalked up another 1st Division rating in the state contest at Roosevelt Junior High School in Peoria.

The record for the group at state level now stands at six First Division ratings and one Second Division rating. The Second Division rating was received in 1956 on the same stage that the band played Saturday.

Seven Solos and nine Ensembles also represented Antioch at the contest.

Soloists receiving First Division were: Roberta Baned, Judy Liddle and Pat Wysoglad.

Soloist receiving Second Division were: Barbara Casella, Soniya Elchek, Pat Heath and Bruce Muir.

Ensembles receiving First Division were: brass quartet No. 1—John Olisar, Andy Worsley, Jim Edwards, Vince Casella. Flute duet—Linda Ripley and Barbara Casella.

Flute trio—Sue Polley, Sue Lindblad, Gloria Wieghart. Cornet duet—Larry Smith and Douglas Hellstern. Clarinet quartet No. 1—Soniya Elchek, Nancy Lemke, Jill Thompson, Rhoda Jedele. Clarinet quartet No. 2—Janet Feller, Bruce Muir, Lois Herman, Marilyn Pierce.

Woodwind trio—Kathy Schimmel, Juanita Gillum, Sue Lindblad.

Ensembles receiving Second Division were: Brass quarter No. 2—Joe Huber, Jim Sorensen, Don Strang, Steve Henning. French horn duet—Kathy Palinski and David Muir.

The band left Antioch last Friday afternoon. They stayed overnight at the Pere Marquette Hotel in Peoria. The group was accompanied by 25 band parents. The group returned to Antioch at 9:30 Saturday night.

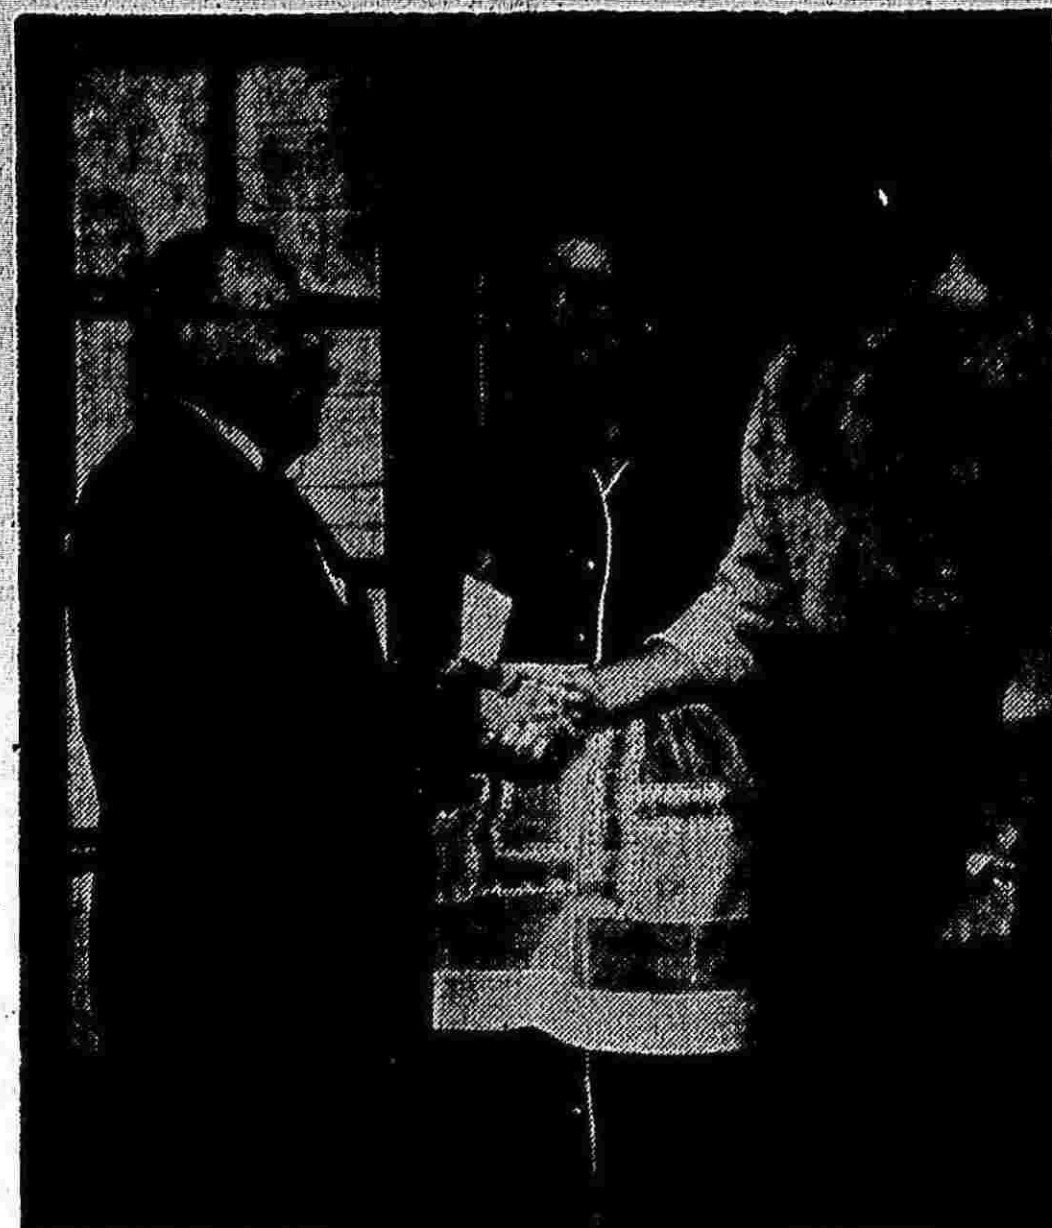

The Mardi Gras of the Band Parents Association will be given on Saturday, May 13 from noon till 9 p.m.

TICKETED IN ACCIDENT

Robert M. Harding, 22, Box 165, Antioch, was ticketed in Waukegan Sunday for passing a stop sign after his car collided with that of another motorist at McAree Rd. and Sunset Ave.

OK NAME CHANGE

A corporate name-change approved by the Illinois Secretary of State's office changes the name of the Grayslake Surplus Store, Inc., Antioch, to Ken Zetterman Sales, Inc.

BRIAN ELLIOTT (right) and his mother, Mrs. Ruth Elliott, receive congratulations from James W. Craig, district superintendent of Northern Illinois Gas Co.'s district, as they are notified of his scholarship award.

Brian Elliott Wins 4-Year Scholarship to Illinois Tech.

Brian Elliott, honor student and star athlete at Antioch Township High School, has been awarded Northern Illinois Gas Co.'s, four-year full tuition scholarship to Illinois Institute of Technology.

Elliott's selection was made by IIT's scholarship committee after results of all candidates' college entrance examination board tests were known. Another of the 12 finalists was Edward Martin, also a prominent ATHS athlete, of RR 1, Lake Villa.

A senior at Antioch High, Elliott is a member of the National Honor Society. He has received varsity letters in basketball and track, and is co-captain of the track team. He is active in student government activities and is presently a representative on the Student Council.

Elliott, who lives with his mother, Mrs. Ruth Elliott on Depot street, expects to work for a degree in mechanical engineering.

If he so desires, he can work summers for Northern Illinois during the years of the scholarship.

Fire Department Gets a 'Breather'

The Antioch Fire Department was summoned on two calls the past week. A short in a cable at the High School touched off an alarm at the high school early Friday afternoon. There was no fire.

The department was called out again Monday noon to extinguish a grass fire in the slough behind Gefco. Mfg. Corp. east of the Soo Line tracks. No damage was done.

Wonder why those daffodils and jonquills are drooping? The 29-degree temperature here early Monday morning could be the answer. The reading was a record low for May 1 in Antioch.

District JP's and Constables Get Commissions

Commissions for District No. 1 Justice of the Peace John "Bud" Stanton and Constable Carl S. Schmidt were received from Springfield late last week, according to County Clerk Garfield Leaf.

The commissions are given by Gov. Otto Kerner and countersigned by Secretary of State Charles F. Carpenter. The commissions originated in Clerk Leaf's office and become official when signed in Springfield. Each justice must post \$5,000 bond.

The county's other five new justices and five new constables likewise received commissions. They are: justices—Peter L. Melius and Carlton A. Smith, District 2; George Stava, 3; Henry J. Berkquist, 4; and Alvin I. Singer, 5.

County constables John Froelich and Clarence Hoff, District 2; Charles L. Burrell, 3; Joseph Samm, 4; and Ted Benvenuti, 5.

Appointive Posts Filled By President

Village President Murrill Cunningham and newly-elected members of the board were sworn into office Tuesday night at the Village Hall.

Taking the oath of office along with Cunningham were Ernest H. Glenn, John M. Blackman and H. Roger Williams, trustees, and Richard Folbrick, police magistrate.

All are incumbents except Williams and Folbrick. Folbrick, a former justice of the peace, was elected magistrate under a new ruling placing that post on a salary basis.

Clarence B. Shultis, Village clerk, administered the oath of office after having been duly certified for his post. He is now in his third term as clerk.

In his first order of business, President Cunningham announced the following appointments: Mrs. Martha Hunter, treasurer; Edgar Simonsen, chief of the fire department; Walter I. Scott, chief of police; Edward C. Jacobs, village attorney; Dr. A. N. Berke, health officer; and John L. Horan, Civil Defense Director.

Additional appointments will be announced at the next meeting of the board.

In other action, the board approved a proclamation designating May 15-May 20 as Clean-Up Week in Antioch.

The board also approved the "Brothers of the Brush" contest sponsored by the Moose as part of the Civil War Centennial Festival here, June 23-25, and promised fullest cooperation and assistance in "apprehending" and "prosecuting" those divers who refuse either to grow facial foliage or obtain license excusing them from same.

Raymond Gallagher was appointed an active member of the fire department.

Village Engineer David R. Miller announced that plans for the proposed sewage treatment plant are in final stages and will be forwarded for state approval within two weeks.

Friday Alert Huge Success, Says Director

Defense actions in Antioch during the mock alert Friday evening were commended by Civil Defense Director John L. Horan.

The "break alert" signal at 7:35 p.m. Friday was a follow-up of nationwide alert by Conelrad, national defense agency, which consisted of a 30-minute radio and TV blackout beginning at 3 p.m.

Friday evening's test was particularly exacting because of the extreme number of shoppers using main thoroughfares.

However, immediately on alert, members of the rescue squad, police and fire departments dispersed to designated positions outside the business district and then returned at two minute intervals.

Traffic came to a halt during the exercise, and Police Chief Walter I. Scott, Assistant Fire Chief Charles Mapthorpe and Lt. Ernest Westlund of the Rescue Squad reported traffic conditions and public cooperation "most satisfactory."

Director Horan's inspection of the business district during the height of the alert disclosed four alleys blocked by parked cars, a hazard to emergency workers and fire crews.

Horan emphasized the extreme danger of blocked passageways during an alert and stated a repetition would result in notification of the insurance companies concerned for action against property owners involved.

Horan termed cooperation of public agencies as "wonderful" and praised the cooperation of the public and Village departments.

WINS SCHOLARSHIP

An Antioch student, Robert W. White, was among 52 honored at Cornell College, Mt. Vernon, Iowa, on Recognition Day.

White was the recipient of the Mark E. Hutchinson Jr. memorial scholarship in the history and police science group of awards.

NEW OFFICERS of the Moose were installed in impressive ceremonies here last Saturday. Shown (seated left to right) are: Homer P. Toft, treasurer; Robert Calloway, junior governor; Frenchy Dianne, pilgrim; Carl Schlessor, governor; Art Anderson, junior past governor; John Rohde, protos; Clarence Jarvis, trustee. Standing (left to right) are Bernie Puig, assistant sgt.-at-arms; Michael Tulomello, trustee; Ronald Cook, inner guard; Robert Avery, outer guard; Morris Verkes, secretary; Eugene Wagner, sgt.-at-arms.

EDITORIAL

How Not to Do It

Although it is difficult to pinpoint the exact motivating factors which figure in a firm's decision to pull up stakes and relocate in a community such as Antioch, The Illinois State Chamber of Commerce has just completed a survey of industrial development agencies which outlines major reasons why community industrial development programs fail in luring new industry.

- Inadequacies of community assets.
- Desirable land not readily available for industry.
- Poor community attitude and leadership.
- Basic facts on community facilities are unavailable.
- Close working relations with other industrial development groups serving the city have not been established.
- Lack of cultivation of industries already located in the community.
- Expenditure of money, time and effort is inadequate.
- Inadequate planning behind local efforts.

Based on past accomplishments, Village leaders have been successful in luring industry to Antioch. Village President Murrill Cunningham has assured residents that his administration will continue in even greater measure all efforts to "sell" industry on Antioch as a place to locate and grow.

Not a little assistance in these efforts can and should be rendered by the local Chamber of Commerce, now in the midst of reorganization and revitalization, and the newly formed Junior Chamber of Commerce.

The Booming Supermarket

The next time you visit the supermarket, try, if you can, to view the operation in terms of other than stomach and pocketbook.

The supermarket is truly an amazing development of our system of free enterprise, perfected to a fine point.

This year some 2,300 new supermarkets will be built and opened in this country. Each of these supermarkets will represent an average investment of more than \$640,000. That much money must go into physical plant, inventory and necessary equipment before the manager can unlock the door and welcome the first customer.

These new markets will be bigger than existing ones, and will probably average a gross of from \$30,000-\$35,000 per week as against the \$20,000 which is today's supermarket average.

This is a lot of volume. But very little of this dollar total stays with the supermarket. Nowadays, the food chains earn a profit of 1c to 1½c on each dollar of goods sold. That means that if you buy \$10 worth of groceries, only 10c-15c is left in the hands of the store after all bills are met.

The unit profit is, now, so low — from 1-1½ percent — that if it was deducted from your cost and the store made no profit, you would never notice the difference.

The trend toward bigger and more costly stores is a logical and inevitable one. Consumers are a choosy and fickle lot. They want wide choices, and the very best of shopping conditions.

The retailers, in our free, competitive economy, must satisfy those wants.

Switch Blades and Zip Guns

It was bound to happen.

On the heels of the apprehension of the 14-year-old fifth-grader who is now standing trial for the murder two weeks ago of a teacher at Lewis Champlin elementary school on Chicago's southside, comes the announcement that certain schools begin immediately and maintain a periodic inspection of pupils for knives or other weapons.

Civilization has come far in but a few years.

Adults have graduated from "Minnie Balls" to atomic bombs, and the youngsters, following the example of parent, have discarded spit balls and slingshot in favor of the more sporting switch blade and zip gun.

And so we will now have the morning line-up where youngsters pass through a systematic frisk under the watchful eyes of school teachers and authorities.

This figures in some of the so-called "tough" neighborhoods where schools are overcrowded and undermanned with a tragic cross current of poverty, environment and broken homes.

This type of tragedy, in one form or another, will always be present in underprivileged, backward areas until we have enough teachers and classrooms to give those students the guidance and supervision they so desperately need.

It will exist just so long as the breeding grounds exist.

Korean Vet Bonus Payments to Resume

Payment of the Illinois Korean Veterans' Compensation will be resumed early in May, Ralph B. Johnson, Administrator of the Illinois Veterans' Commission, announced today. Johnson stated the original appropriation has been expended.

The present session of the State legislature has passed a bill relating the cigarette tax. This legislation has now been signed by Gov. Kerner. The tax on cigarettes will again become effective May 1, 1961. Payment of the Korean Compensation will be resumed as the money becomes available. Approximately 2,000 claims have

Courthouse Notebook—

BY LOU DUKKIN

Newport Supervisor David Van Patten who came on the county board back when the county courthouse was adequate to serve the needs of the county has stepped down from another key post in county government rendering the chairmanship of the county Forest Preserve District to Waukegan Assistant Supervisor Talisto Aho.

Supervisor Van Patten, a veteran of 34 years on the county board, has seen tremendous changes in his county since he first took his place on the county governing body and has exerted tremendous influence in the county's development.

Under his direction, the Forest Preserve District finally became a reality by purchasing the first parcel of property for the county recreation area and Supervisor Aho should find the task much easier because of the groundwork laid under Van Patten's administration.

The Forest Preserve District has initiated action to acquire two more parcels of land in widely scattered sections of the county, one in the extreme northwest corner in Antioch Township, the other far south in Vernon Township.

Boaters and picnickers should find these two sites useful since one is on the Fox River and the other touches on the DesPlaines River.

Now we would like to see the Forest Preserve District select a site that would be suitable for a public golf course which could bring in some revenue to the district and help defray the cost of operating the county forests areas.

State Representative W. J. Murphy's bingo bill is due for some rough treatment this week in Springfield when his fellow Lake County legislator Rep. Jack Bairstow, of Waukegan, launches hearings on the proposal.

Rep. Bairstow, who has indicated scant interest in the charity gambling gambit, is expected to submit some evidence gathered in New York that indicates the racketeers and professional gamblers have found legalized bingo to their liking.

The Empire State, pressured to raise money to continue operating and under pressure from church, fraternal, and veterans organizations to legalize the old corn game, put the stamp of approval on bingo with strict rules regarding the operation.

Unfortunately, however, the rules were observed only in their breach and the Mob reportedly took over much of the action taking the big slice of the melon and leaving the seeds and husks for the sponsors.

Rep. Murphy's bill provides for a referendum in each area to permit legalized gambling which is gauze-like protection at best.

Republican State Senators and Congressional leaders have gotten together on a Congressional re-districting bill which provides protection for GOP Congressmen and eliminates a Democratic district.

The bill would link Lake County to north Cook County townships with little change from the district now represented by Cong. Marguerite Seitz Church and puts McHenry County into a district with DeKalb, LaSalle, Kendall, and Will Counties.

There will be other proposals before a new law is finally adopted and while it is difficult to anticipate what will be brought forth, it is a safe bet that political considerations rather than fair representation will be the deciding factor in the re-districting.

County Coroner Robert Babcox, who has been making speeches for the last eight years on highway safety, is stepping up his safe driving crusade because of the bloody toll being exacted on the highways this year.

With 23 already killed in Lake County compared to eight highway deaths in the same period in 1960, Babcox can be forgiven if he wants to cut down on his work load.

Your State Senator Reports

The most frequent question put to your State Senator is "How is everything going in Springfield?" The answer to the question has been developing gradually until now it can be reported with some conviction that "everything in Springfield is not good." Indeed, the writer has never witnessed such utter confusion and absence of leadership during the 10 years he has served in Springfield.

This unfortunate situation stems largely from the new governor's lack of executive and legislative experience. He is admittedly frustrated by his predicament. This would not be so bad if he had strong and cooperative legislative leaders to whom to turn for direction and advice. However, this leadership is divided into two or three camps each exercising individual power.

The governor committed a grave error in allowing the democratic minority in the House to subvert several Republican members into a pseudo bipartisan majority. This mistake has resulted in a potent rival political force led by the Speaker of the House, Paul Powell. Powell is a formidable personality with whom Mayor Daley has had to reckon in the past, and who can now choose what parts of the new governor's legislative proposals the House will pass—and what parts it will not pass.

The new governor's opportunities to work with the Republican leaders in the House are practically nil.

The situation in the State Senate is no better. The democratic leader is minority floor leader, Sen. Donald J. O'Brien. In addition, he is spokesman for Chicago's Mayor Daley, who is by far the most potent political force in the State. But

Pvt. Maier Completes Vehicle Training

LAKE VILLA—Army Pvt. Daniel F. Maier, 20, son of Mr. and Mrs. Fred D. Maier, Rt. 21, has completed the tracked vehicle maintenance course at Fort Sill, Okla.

During the 11-week course Pvt. Maier was trained to maintain tracked artillery vehicles, self-propelled artillery mounts and associated equipment.

Fort Sill is the parent school for artillery.

Pvt. Maier entered the Army in October, 1960, and received basic training at Ft. Riley, Kan. He is a 1958 graduate of Antioch Township High School.

\$740,549 Bond Sales To Lake Counties

Lake county residents purchased a total of \$740,549, in series E and H United States Savings Bonds in the month of March, according to Philip L. Speidel of Lake Forest, and John Meade of North Chicago, general county co-chairmen of the Savings Bonds Committee.

Illinois sales totaled \$35,869,903, an increase of 11.1% over sales for March 1960, according to T. Merle Paul, state director of the U. S. Savings Bonds Division.

The Illinois total represents 8.2% of national sales which were \$435,000,000. In the first three months of 1961, 29.6% of the state's annual quota of \$374,800,000 has been attained.

May Day Was a Study in Contrasts

In what must certainly be one of the greatest of studies in contrast, Americans celebrated Monday, May 1, as Law Day—the date designated by former President Dwight D. Eisenhower as the time of "national dedication to the principle of government under laws" . . . while on the other side of the coin, the millions under communism, including the latest to come under the red banner, Cuba, marked the day with parades of military might and demonstrations calculated to thrill the communist breast and inflame followers against the west.

And that's the way it seems destined to be through the years ahead—a struggle for men's minds . . . a cold war struggle that is as real and destructive in terms of shattered lives and upheaval as any conflict of battle.

To date we are losing this battle. In the relatively short period of 41 years, one of every three persons on the face of this globe has come under the direct influence and control of communism. Each hour of the day 600 new devotees, either willfully or not, join the communist camp.

Mathematicians who are concerned with such things, have fed all the data and trends of this cold war battle into one of those amazing computer robot affairs. The robot has come up with the answer that this country will be completely communistic by 1973.

Now, we're not ready to consign our future and the future of our fellow men to a mechanical robot, but we are convinced that the day of the communist victory will come in this lifetime unless . . . Americans and other followers of freedom are willing to stand up and be counted.

SIDELIGHTS from SPRINGFIELD

By Rep. PAUL SIMON

A few weeks ago Governor Kerner mentioned in a message to the legislature that the state's pension funds need to be put in better shape.

That statement produced no headlines, but it is important to all Illinois citizens—particularly teachers, policemen, firemen, and others who are looking to a city or the state for a pension at some future date.

Let's take as an example the pension fund in the worst shape—the State Teachers' Retirement System, the system for all teachers outside of Chicago.

Those responsible for administering the fund for some reason seem to feel it is necessary to tell teachers the fund is in good shape. I've spoken to teachers' groups occasionally and told them they should be watching their pension funds carefully. Almost every time a week or two later I'll receive a letter from a teacher stating that she was told by someone she wrote to that the funds are in good shape.

What are the facts? The Pension Laws Commission and the nation's leading expert in pension funds, A. A. Weinberg, both have warned the state that the situation is not healthy. Weinberg reports that the system "is in a precarious financial state. Its financial condition has been steadily deteriorating throughout the years."

There is a total of \$150 million accumulated in the fund at the present time, but the experts say that for the system to be really sound it should have approximately \$480 million more in it. This is on the basis of carefully studied needs in the years to come.

This \$480 million is referred to as an "unfunded accrued liability." As of June 30th of last year, the exact

figure the system was short was \$465,942,000. This has now grown to the approximate \$480 million figure.

How could such a situation develop?

It comes about in two ways. First, the teachers pay a percentage of their salary and the state is supposed to match that sum. In the past the state has not fully matched these funds. Of the \$150 million now in the fund, almost all of it is from the teachers, not the state.

Secondly, sometimes pensions systems provide increased benefits without calling for matching amounts of increased payments. People in any system who ask for increased benefits had better be ready to pay an increased percentage into a pension fund.

All of this does not mean that tomorrow the teachers will be without pensions.

But it does mean that unless teachers, legislators and taxpayers take a greater interest in this fund, the time could come when pensions might have to be reduced.

My personal feeling is that the state has a moral obligation to these people to see that they get the pensions they have been promised.

For some time A. A. Weinberg and Rep. Noble Lee, Republican of Chicago who heads the Pension Laws Commission, have been warning that things are not good.

Fortunately for the teachers and the state, Governor Kerner plans to do something about it.

But the situation demands constant attention by teachers, and by all others who are involved in pension systems.

Construction Pay Boost in Prospect

Lake County construction workers may be in line for a 20 cent an hour wage hike as the result of a 20-cent raise negotiated in Cook County.

Thomas Mussato, of Highwood, business representative for Local 152 of the Construction and General Laborers Union, covering all of Lake County, said he was awaiting results of the Chicago negotiations before starting discussions with Lake County employers.

CHANNEL LAKE—Smoked carp was served to the members of the Northern Illinois Conservation Club at their meeting at the Channel Lake School house last week. The Club has plans under way to trap, smoke and sell carp both to reduce the carp population in the lakes and as a source of revenue. The next meeting of the Club will be held at Sequoit Harbor.

The public is invited to attend the next meeting of the Channel Lake Community Club May 9. Boy Scout Troop 86 will hold a Court of Honor at this meeting. A dance sponsored by the club will be held July 1 at the American Legion Hall. Music will be by the Rhythm Kings.

Miss Patricia Koziol was guest of honor at a bridal shower at the Channel Lake school house Sunday, April 30. Co-hostesses of the shower were Mrs. Paul Chase and Mrs. Tom Runyard. Miss Koziol and George Hucker are planning a June 3 wedding. George is a brave man—he attended the shower and helped his bride-to-be open the many beautiful gifts they received. Greater love than this hath no man. A buffet supper was served guests.

Members of Brownie Troop 177 will receive their promotions and awards at the troop's birthday party, to be held tomorrow at 8 p.m., at Channel Lake School. This is the third birthday of the Brownies at Channel Lake. The public is invited.

Church Shoots for May Groundbreaking

LINDENHURST—The building committee for the new Grace Lutheran Church to be built here is hoping to be ready for groundbreaking ceremonies sometime this month.

Deerfield architects Holland and Anderson, who are drawing up the plans, held their second meeting with the committee at the home of William Kaub.

They showed and discussed several sketches they had prepared for the approval of the American Lutheran Council offices in Chicago.

The proposed church will be built in four stages, the first including a worship area, fellowship hall and offices.

Other members of the committee include R. Randall, B. Langager and G. Fabry.

Highlighting the event will be a colorful recruit graduation review on Ross Field, various displays including a model of nuclear powered polaris submarine "George Washington", a fire fighting demonstration, small arms demonstrations, shipboard visits, boat rides and Navy divers in action. The public is invited to view the two-day celebration. The lake-front picnic area will be available to those bringing lunches.

Repairing Old Roof May Start New Leaks

Repairing an old roof generally is a waste of time, says Andrew C. Lang, authority on home maintenance.

"Walking on an aged, weathered roof to make repairs here and there may open up new leaks," says Lang, "that will show up at the first rainstorm." That's why roofers generally recommend applying a complete new roof of asphalt shingles directly over the old material. This is the most economical measure in the long run, since an asphalt shingle roof will give years of protection from all kinds of weather.

Mrs. W. E. Brook 'Doughnut Day' Chairman in Salvation Army Drive

Mrs. William E. Brook, Box H, Antioch, will serve as "Doughnut Day" chairman for Antioch, according to an announcement made today by Mrs. Earl O. Ehrhardt of Elmhurst, suburban area chairman for the drive.

"Doughnut Day," the Salvation Army's 23rd annual tag day, will be held on Friday, June 9, in Antioch and approximately 150 other communities. The drive here will be sponsored by the Antioch Woman's Club.

Mrs. Brook will organize and direct the Antioch residents who volunteer as "Doughnut Day" taggers to help in raising funds for the social welfare services the Salvation Army offers to the unfortunate.

She appealed for volunteers to give just two or three hours of their time to sell the familiar paper doughnut-shaped tags. Individuals and club groups can apply for tagging assignments at "Doughnut Day" Headquarters, 8 S. Dearborn St., (Financial 6-1080), or call Mrs. Brook at 1186.

In Antioch, as in other communities where Salvation Army Service Units are organized, 20 percent of the funds raised in the local "Doughnut Day" drive will remain there. These funds are used to meet local emergencies, and to finance unduplicated health care programs and welfare services for individuals and families. The local Service Unit Committee, comprised of representative residents acting on behalf of the Salvation Army, decides how the funds will be used.

The other 80 percent of the "Doughnut Day" contributions will help support the social welfare services maintained by the Salvation Army for the unfortunate in the greater Chicago area.

Among the Salvation Army institutions, services and departments offering assistance to the needy and sharing in the proceeds of "Doughnut Day" are Booth Memorial Hospital for unmarried mothers, the Family Service Division, Emergency Lodge for women and children, the Dental Clinic, Day Nursery, South Side Settlement, Harbor Light Center for rehabilitation of homeless men, Camp Wonderland near Antioch, and the emergency canteen service at fires and other disasters.

Ladies to Promote Countryside Hospital Via Kaffee Klatches

LAKE VILLA—A series of hostess choice kaffee klatches will be conducted by members of 11 women's organizations here during July to raise funds for the Countryside Hospital.

Plans for the drives were revealed at a recent meeting at the home of Mrs. John Rundgren, Petite Lake.

Participating organizations also revealed various fund raising affairs during May to include: fashion and variety show May 7 by Gavin School PTA, and a band concert and bake sale by the Lake Villa Grade School Band Association May 14.

The women's organizations will report back Aug. 7 on results of their fund drives.

AWC Names Mrs. Irving Elms New President; Scholarships Announced

Jim Bill Cain and Cheryl Galati are winners of the two music scholarships awarded annually to Antioch high school students by the Antioch Woman's Club.

The scholarships will allow the two to attend the Eastern Music Camp at Eastern Illinois University in Charleston.

Announcement of the two awards, with a third in art yet to be disclosed, was but part of a busy meeting Monday at Adria's Restaurant which marked the final AWC gathering of the season.

Mrs. Irving Elms was elected president of the club for the coming year. Elected to serve with her

were: Mrs. Ted Larson, vice president; Mrs. Jerome Vogler, recording secretary; Mrs. Ray Bruhn, corresponding secretary; Mrs. Don Purdy, treasurer.

The 85 members present honored outgoing president, Mrs. William Brook, and outgoing program chairman, Mrs. Ted Larson, with gifts marking the completion of two years of Club service.

Mrs. Brook announced the annual meeting of the Lake County Federation of Woman's Clubs to be held today starting with a 12:30 luncheon and style show at the Illinois Beach State Park in Zion.

Mrs. Myrus Nelson revealed plans by the club to sell ice cream and cake at the Antioch Civil War Centennial on Saturday, June 24. The AWC is a sponsor of the Centennial and is represented on the Steering Committee.

Prizes were awarded holders of selected table numbers by the hostess committee for the day which included Mrs. Edward Jacobs, chairman; Mrs. Howard Gaston, Mrs. Walter Laurell, Mrs. M. J. Connell, Mrs. Norman Jedeke, Mrs. F. W. Oschmann, Mrs. Elmo Edwards, Mrs. George Mitchell and Mrs. Roy Kruger.

Three Home Bureau Meetings Scheduled

Lake County Home Bureau units will study two new lessons in May. The major lesson, "You and Your Future," will be given by local leaders at all unit meetings, three of which are scheduled in the Antioch area.

The Avon unit meets Tuesday at 1 p.m. at the home of Mrs. Henry Hertz, Lake Villa, with Mrs. Ronald Jones as local leader.

The Lake Region Unit will meet May 17 at 8 p.m. at the home of Mrs. Robert Hughes, Deep Lake Road, Antioch.

The West Warren Unit meets May 18 at 12:30 p.m. at the home of Mrs. John Magnuson, Petite Lake, Lake Villa, with Mrs. Arthur Turns and Mrs. Edwin Lenman as local leaders.

New Volumes, Memorial Donations Added to Antioch Library Shelves

Although Richard Henry Dana wrote "Two Years Before the Mast" many years ago, it is timeless in the interest it holds for readers of all ages. Dodd, Mead has included this wonderful adventure story in the series of Great Illustrated Classics and the handsome new edition is now available at the Antioch Township Library in memory of William Setek.

The folk song is fast becoming a major musical interest because of the work of such exponents as Alan Lomax, Carl Sandburg, and Burl Ives. "The Folk Songs of North America," by Alan Lomax, is the most complete collection ever to be published. More than 300 songs, with accompaniment, are collected from all sections of the country in this fine volume which was given in memory of Arthur Albrecht.

"Bird Portraits in Color" is an excellent reference work for the amateur bird watcher as well as for the professional ornithologist. It is newly revised from the book written

some years ago by Thomas S. Roberts of the University of Minnesota. The magnificent color reproductions are identical to those in the earlier book. "Bird Portraits in Color" was given in memory of Mrs. Bertha Larson.

Two fine volumes of poetry have been given to the library in memory of Richard B. Seyfarth. "The Family Book of Verse," edited by Lewis Gannett, and "Time for Poetry," edited by May Hill Arbuthnot, are designed for family enjoyment. Most poetry yields much more pleasure when read aloud and this is particularly true of these collections, which are designed particularly for the delight of young people. Two contributions to the library building fund have also been received in memory of Mr. Seyfarth.

Election, Reports Highlight Final Meeting of PTA

The Oakland Grade School PTA held its last meeting of the school year Monday with election of officers and installation. Clifton Houghton, Oakland principal, installed: Mrs. Erick Larson, president; Homer White, vice president; Mrs. George Ptack, treasurer; and Mrs. John Kapfer, secretary.

The outgoing president, Mrs. O. W. Turner, thanked the teachers and parents for the cooperation she received during her tenure of office.

The following committee chairmen made their reports: Leland Ipsen, ways and means chairman, reported that the recent Book Fair and Spaghetti Dinner was quite successful. They served over 400 persons. Mrs. Floyd Gerretsen, historian could not be present; her report was read by Mrs. Norman Erickson. Membership chairman Mrs. Donald Gable reported 198 paid members in the past year.

The auditing committee, appointed for the audit to be made, includes Harlan Ware, Mrs. Norman Petersen and Mrs. Emory Chandler. Mrs. George Derderian presented a Brownie Troop plaque to Oakland School, who sponsors her troop. Principal Houghton explained the different types of tests that are used in the school.

Mr. Houghton also announced that on Friday, the eighth graders and parents will be guests at the high school for luncheon; the banquet for both Antioch and Oakland buildings, will be at Oakland School May 24, with mothers of seventh graders serving graduates and their parents; there will be no school May 30, Decoration Day; June 1, both schools will have graduation ceremonies at Antioch school, and on June 2 will be the school picnic.

During this meeting, two representatives from the high school, William Hossick and Richard Olsen, were stationed in another room for consultation with parents of eighth grade students. They were told the results of tests given to their children at the high school recently. These tests for eighth graders assist the parent and faculty in choosing

Given Role in New Kendall College Play

Art Wollpert

Art Wollpert, son of Mr. and Mrs. Art Wollpert, Rt. 2, Antioch, will play an American soldier in Donald Harron's adaptation of Heinrich von Kleist's comedy, "The Broken Jug" at Kendall College in Evanston May 5 and 6.

This play will be presented for the first time non-professionally in this country. It was toured two years ago by the travelling group of the Stratford, Ontario Shakespeare Festival. It concerns the trial that ensues when a jug is mysteriously broken and is set during the War of 1812.

Art graduated from Antioch High in 1959, where he appeared in "What a Life" and "King Arthur's Mines."

Medical Student

James Callen Smith, son of the J. J. Smiths, Felter's Subd., will graduate from John Carroll University on June 12.

James is a graduate of Campion Jesuit High School at Prairie du Chien, Wis., and of St. Peter's Grade School, Antioch.

He plans to enter the Stritch Medical School in Chicago in September.

James is the grandson of the John P. Millers on Route 59.

Red Cross Expands Water Safety Program in County

The popularity of swimming and boating in the United States is steadily increasing. It is estimated that over 100 million persons use swimming and small craft facilities every year.

Here in Lake County, the Lake County chapter of the American Red Cross strives to offer a steadily expanding water safety program. The primary purpose of the program is to reduce drownings by developing skill and knowledge that will contribute to safety in, on and about the water.

To point up the need for water safety training, Chief Norman Litz, Waukegan's fire marshal and chairman of the chapter's water safety committee said: "Each year about 7,000 lives are taken by the water in this country. For every fatal drowning accident there are from 40 to 50 non-fatal, near-drowning accidents. Untold are the number of deaths and illnesses resulting from bathing in polluted waters or from unhealthful aquatic practices."

Another objective of the Lake County Red Cross water safety program is to create in each individual an awareness of water accident causes, of ways in which water accidents can be prevented, and a desire to be safe in or near the water.

To meet these objectives there are currently 194 volunteer Red Cross water safety instructors in the county. A water safety instructor must be at least 18 years old and hold a senior life saving certificate. They are authorized to teach any of the certified water safety courses.

Water safety courses available through the Lake County Red Cross are: beginner, intermediate, swimmer, and advanced swimming; and junior and senior life saving. A basic survival course is taught to military personnel at Great Lakes. Since the first of January, the chapter has issued a total of 7,798 certificates in these courses.

In addition to formal water safety training, the Lake County Red Cross also offers details on how to construct a rescue station for a home pool or pond, posters giving water safety tips, rescue procedures, emer-

gency telephone numbers, and a do-it-yourself manual entitled "Teaching Johnny to Swim." Full information on these and other water safety materials may be obtained by contacting Red Cross headquarters in Waukegan.

Little League Tryouts Open Over Weekend

Little League baseball tryouts will get under way Monday evening. It was announced today by league officials.

Tryouts will be held at 6 p.m. at the ball park on North Main St. All boys within age qualifications should be at the park promptly at 6 with glove and ready to work out.

Scout Leaders Prepare Camp Plans For 1,500 Boys During Summer Period

Four top leaders will guide Camp Ma-Ka-Ja-Wan, where the North Shore Area Boy Scout Council conducts its summer camping program, during the eight week summer camping program for 1,500 boys this year.

They will head a staff of 68 persons who will have the job of providing the program, preparing meals, and maintaining camp facilities while the camping program at the Spring Lake site near Antigo, Wis., is in progress.

Heading the staff is camp administrator Charles Gribble of Libertyville, a professional member of the North Shore Area Council staff, whose job is to supervise and aid the year round camping and activities program for the units in the North Shore Area Council, said Tilden Batchelder, council camping chairman.

Aiding Gribble in the direction of the Ma-Ka-Ja-Wan program will be

Larry Smith as director of Camp West, Jim Smith as director of Camp East and Scout McCulloch as camp commissioner. These three young men attend Missouri Valley College, in Marshall, Mo., and upon graduation will become career scouts.

Ed Fitzgerald who is attending Notre Dame University, will be camp business manager.

First camping period this year starts June 28. Although 1,300 Scouts already have registered for the summer program, vacancies are still available for both scouts who want to go as individuals and for troops which sign up to attend as units, Batchelder said.

Reservations from this area include 18 boys from Channel Lake Community Club Troop 88; 12 from Antioch Moose Lodge Troop 82; 3 from Lindenhurst Men's Club Troop 84, and 20 from West Mifflin Community Club Troop 88.

Clarify Ruling On Model Boat Trailer Act

Conflicting requirements for equipment on boat and other small trailers are confusing motorists who use such equipment and may be costing some states huge sums of money in tourist revenue, according to a survey by the Outboard Boating Club of America.

To remedy the situation, OBC has prepared and distributed to lawmakers in the various states a Model State Boat Trailer Act.

The survey, covering the 50 states, uncovered many instances of conflicting regulations, not only between states which border one another, but even within a given state.

The survey also found that in some states, laws pertaining to the operation of commercial carriers are applied to privately owned boat trailers. This leads to equipment requirements and other restrictions which are impractical in the case of smaller units. Excessive equipment requirements and conflicts with home state laws discourage out-of-state motorists from using the highways and tourists facilities in many states, the survey concluded.

The Model State Boat Trailer Act was compiled under the guidance of the Engineering Committee of the Boat Trailer Manufacturers Association. BTMA is one of the three boating industry trade associations operated in the OBC framework. The others are the Outboard Boat Manufacturers Association and the Outboard Motor Manufacturers Association.

The Model State Boat Trailer Act is divided into 27 sections dealing with equipment requirements, load placement and licensing. Careful attention was given to the Uniform Vehicle Code requirements to avoid any conflict with that code.

Single copies of the publication may be obtained free of charge by writing the Government Relations Department, Outboard Boating Club of America, 307 N. Michigan, Ave., Chicago 1, Ill.

Holds Hospital Is Responsibility of Staff and Community

The quality of hospital care in a community is the joint responsibility of the community and the hospital, Ray L. Newenham, administrator of Zion Community Hospital, said this week in connection with National Hospital Week, to be held May 7-13.

"There must be a working partnership between the hospital and the community if each person is to realize his heritage of health," Newenham said.

The hospital's major responsibility is to patient care, but it also trains and educates personnel to provide care and provides facilities for medical research which contributes to the improvement of care. In addition, the hospital carries out many elements of preventive medicine, including classes in prenatal care, mass inoculations, and reporting of communicable disease.

"The community's role lies in support of the hospital," he said. "Its citizens must serve on the hospital governing board; must offer their services in volunteer capacities in the hospital; must encourage young people to enter health careers; must belong to prepayment plans which assure stable hospital financing, and must support adequate reimbursement programs for the care of welfare patients."

Zion Community Hospital is joining other hospitals throughout the country in observing National Hospital Week, May 7-13. This year's theme, "Your Hospital—A Community Partnership," emphasizes the need for a reciprocal relationship between hospital and community.

Among the week's events at Zion Community Hospital will be an open house on Sunday afternoon, May 7.

During a debate on federalization of the unemployment compensation system, Senator Lausche (D-Ohio) said: "We already see the signs which indicate what will be proposed. Uniformity, straightjacket—no difference anywhere, a monolith. It sounds rather close to the philosophy of monolithic government that has dominated nations in Eastern Europe and Middle Europe—the peoples under the control of Russia. Nothing different, all must be identical, and if they are not equal by nature, the Congress will make them equal."

The Tax Foundation tells us that we Americans paid twice as much in taxes in 1960 as in 1950—and will pay something like \$8 billion more this year than last.

Insulation Helps Families Afford Better Houses

If home builders used greater amounts of insulation than the minimum required by the Federal Housing Administration, more families would be eligible to buy better houses with FHA-insured mortgages.

A method to determine exactly how families with lower incomes can be made eligible for financing assistance has resulted from a joint research project of the National Association of Home Builders and the National Mineral Wool Insulation Association.

The study was based on the fact that as home operating costs decrease, the owner can afford higher monthly mortgage payments.

Income Need Cut
In a typical case, the addition of a moderate amount of insulation to a house would reduce the monthly fuel bill by \$2.83 while the monthly mortgage payment would increase 47 cents to pay for the additional insulation. Under the FHA's system of rating "buyer's ability to pay," the amount of annual income required to be eligible for the better insulated house would be \$200 less than for the one with minimum insulation.

With the same income requirement, a buyer would be eligible for a better house. For example, he could afford a \$14,800 house instead of one priced at \$14,300.

The extent of change in eligibility rating would vary from one FHA field office jurisdiction to another. Heating fuel costs, efficiency of the heating system, and the severity of the climate also would have an effect.

Core of the NAHB-NMWA project is a formula for a Heating Index for individual houses. When the index number is applied to two charts, available to builders and FHA insuring offices, it shows both the possible reduction in annual income and the increase in mortgage that can be supported by operating savings from better insulation.

'Ingenious,' Says Official
The Heating Index system has been characterized by M. Carter McFarland, chief economist of the Housing and Home Finance Agency, as a "very ingenious and sound device." An explanation of the system has been sent by FHA headquarters in Washington to all field offices.

The FHA letter asks field office directors to use the Heating Index system in carrying out the previously established policy of giving credit for efficient materials and design to reduce a home owner's monthly operating expense.

Forecast Boost In 4-H Enrollment

Fifty-one Home Economics 4-H Clubs in this area have completed their enrollment in the 1961 4-H club program. Since June 1 is the absolute deadline for enrollment, all those wishing to take advantage of the training and social activities by enrolling in a 4-H club are urged to do so now.

The clubs are studying clothing construction, foods and room improvement projects. Other projects include party-a-month, baby sitting, photography and handicraft.

Any new clubs wishing to organize may do so by contacting the Lake County Home Adviser, Mrs. Helen Volk, at her office at the County Fairgrounds (phone-Baldwin 3-4844).

At the present time 4-H club members are making plans for an

all-day training school, to be held as guests of Marshall Field & Co. Chicago Store May 6.

Four-H members wishing to attend 4-H Camp Shaw-waw-naw-see, to be held July 10-14 should make reservations by May 1.

Clubs are selecting delegates to the June tour of the University of Illinois to be held June 21-23. This is open to one member from each club, who has completed ninth grade.

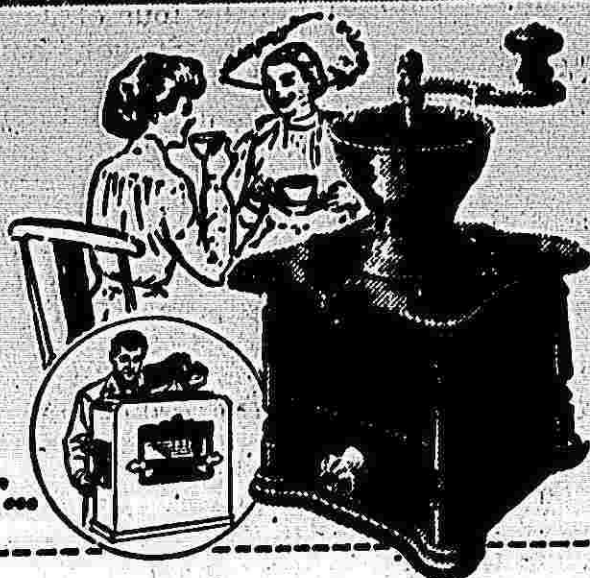

Four-H's receive training for everyday living now and as future homemakers.

STOCK JUDGES

Antioch Breaks Losing Streak with 2 Wins

Squeeze In Final Tally With 2 Down

Always a bridesmaid, but never a bride came, to an end at Gurnee Thursday, as Antioch's tough, but luckless ball squad pushed across a perfect squeeze play with two out in the seventh to push across the winning run in downing Warren's Blue Devils 2-1.

The win, the first in seven starts for the locals, ended a losing streak which saw Antioch drop three games by one run.

Playing heads up ball, but still weak at the plate, the Sequoits were in the game all the way.

With two out in the seventh and runners on second and third, Joe Pleviak laid down a perfect bunt, beating it out while the winning score crossed the plate.

Chuck Maxwell started things rolling in the seventh with two down with his second hit, a single to center. He advanced to third on Ron Gable's double to right, and then came Pleviak's squeeze bunt to send him home. Gable tried to score from second on the play, but was thrown out at the plate by the second baseman Larry Beshel, who covered first on Pleviak's bunt.

The contest featured a mound duel between Antioch's Bill Ozga, who yielded but three hits while walking three, and Warren's Art Edwards, who gave up five and five.

Warren scored first blood in the last of the fourth on a walk to Len Lahey, who stole second, advanced to third on an error and then scored on a sacrifice fly.

Antioch came back to tie the score one-up in the top of the fifth when Joe Enis, who gained one of five walks given up by Edwards, moved all the way to third on a sacrifice bunt by Doug Lang, and scored on a single to center by Maxwell.

Antioch threatened a further up-rising this same inning with runners on second and third with one down. But Edwards fanned Pleviak and forced Jim Brownlee to ground out.

Warren threatened in the last of the seventh when Bob Chambers led off with a walk. Chambers was forced at second on a grounder by Bob Huffhines, who was safe on a fielder's choice. Huffhines advanced to second on a wild pitch, but Ozga fanned Dave Schwalbach and John Grom to end the game. The boxscore:

Opening of Speedway Postponed to May 14

Inclement weather conditions, which have hampered workmen in preparing the Waukegan Speedway grounds, has also caused the management to set back the 1961 opening to May 14 instead of the previously announced May 7 date. Unseasonably cold and wet weather is expected to continue for at least another week.

The Waukegan Speedway gates will officially open Sunday night, May 14, with time trials at 7:15 and the first of the racing events scheduled to begin at 8:30.

Drivers will have an opportunity to check their cars in special speed run demonstrations on Sunday afternoon, May 7. Speed runs are scheduled from 12 noon to 5 p.m., and are open only to drivers and crew members.

Young Bowlers 'Hot' As Season Closes

High scores in Junior bowling were racked up recently by Lynn Fox, 450 series, with 149-144-157; Bill Ozga, for a 512 series with 108-179-165; and Bob Lenczewski, 189-151-193 for a 533 series.

Sue Dietrick of the Bantams bowled a 163 game which entitled her to an arm emblem.

Bowling in Junior and Bantam leagues ends Saturday, May 6.

Major League Keglers End Season with Record Marks

Several new records were written into the books when keggers of the Antioch Major League rang down the curtain on a highly successful season.

Pacing the bowlers were Marion Diana of Ace Hardware and Charles Moran of the champion John Gaa and Son team. Diana burned the alleys for a record 714 series of sets of 256-234-224, and Moran, who took the average crown in the 1960-1961 race, racked up a 289 record game.

Moran exploded with 10 consecutive strikes in the second game and was held from a perfect score by an elusive 7 pin. He then picked up the spare to top the previous 277 high held by Arne Watts.

His series topped the previous high of 708 held by Glen Backovitch.

Also high was Emil Wesa with 636; with other high totals carded

Lake Forest Prep Golfers Win Two

Lake Forest's prep golfers beat Grant 9-1 and North Chicago 8 1/2-1 1/2 in dual meets recently.

Steve Ekdahl was medalist with 41 against Grant. Other Scout point winners against Grant were Henry Nisbet, Bud Gaines, Kari Hjelt and George Christensen.

by Backovitch, 627; Joe Sterbenz, 623; Moran, 623; Larry Dee, 619; John Angeloff, 610; Dick Stroner, 608; Lem Prochow and Marv Sheppard, both 603.

Moran edged Sterbenz for individual honors with an average of 196.60 to 196.28. Third was Dee with 194.84, followed by Richard Martin and Larry Ogrin, both 193. In taking team honors, John Gaa and Son held a 936 season average.

Rams Linkmen Top Grant 8-2

Grayslake's golf squad split in a three-way match with Marian Central of Woodstock and Grant on the Round Lake course last week.

The Rams defeated Grant 8-2 and lost to Marian 7-3. Dick Rockenbach of Grayslake took medalist honors with a 40, to score two points against Grant and one against Marian. Borge was low for Grant with a 47, but failed to score.

Other Grayslake scorers against Grant were Brian Melin, 45 for two points; Peter Fransen, 44 for two; and John Tegan, 46 for two.

Fransen's 44 also got him two points against Marian.

Keno League Opens May 27; Card R. Seyfarth Memorial

TREVOR, Wis.—Play in the strong Lake Keno softball league will get under way May 27, it was announced here today.

Managers and league officials, meeting Sunday at the Golf View Motel, discussed tentative scheduling and plans for a Richard Seyfarth Invitational Tournament to be held in mid-season.

The tournament is named for the late Richard Seyfarth, prominent Lake County assistant state's attorney and resident of Antioch, who died April 29. Seyfarth organized the Lake Keno league five years ago.

The Seyfarth Invitational will pit the 10 top teams in Lake County.

On tap for the May 27 opener will be state legislators Rep. W. J. Murphy, Antioch, and Rep. Russell Olsen, Salem. Also featured will be the appearance of Sheikh Abdul Hammi and his harem.

The 1961 schedule will pit two clubs from Antioch, one each from Lindenhurst, Loon Lake and Lake

Grayslake Names New Cage Coach

Charles Westall, now an officer in the U. S. Navy, has been named varsity basketball coach at Grayslake High. He succeeds Lee Lehigh, who resigned at the close of last season.

Westall is now living in Laurel, Md., and will move to Grayslake in August following his release from the Navy.

He is a native of Olney, Ill., and a graduate of Beloit College. He attended the University of Maryland and George Washington University, where he majored in biology, social studies and Russian.

Westall has had a year of teaching in West Richland (Ill.) high and is certified to teach Russian. He is married and has one child.

The new coach will teach biology, civics and world geography and possibly Russian if it is added to the curriculum. He will also serve as assistant sophomore football coach.

Hold Little League Tryouts on Sunday

By Mrs. Bernice Bernau

LINDENHURST—Ralph Schneider has been elected president of the Lake Villa Township junior baseball league. Jack Springer is treasurer and Emert Roos is the new secretary.

Team try-outs will be held in Lehmann Park, Lake Villa, at 1 p.m. May 7. In case of rain try-outs will take place the following Saturday, May 13.

One hundred and seventeen boys have registered to join the Little League to date.

Villa against three other teams from the area. League entries are: Jim's Sinclair Service, Antioch; Car-Lucy Clowns, Antioch; Lindenhurst Merchants, Lindenhurst.

Loon Lake Garage, Loon Lake; Joe's Tap, Lake Villa; Genuldi Lounge, Long Lake.

Ela's Defeat of Grayslake Tightens NW Diamond Race

Working to make up for games cancelled because of inclement weather, Northwest Suburban sports fans were offered a veritable potpourri of athletic fare throughout the conference last week.

High in interest was baseball, with Grayslake but a nip ahead of Grant and Round Lake. And the second half threatens to scramble the race even further.

In play last Wednesday, defending champion Grayslake buried Lake Forest 17-4 for their fifth conference win.

The host Rams started off with a rush and collected five runs in the first and picked up steam as the game progressed.

Buddy Williams started for Grayslake and retired for Bob Pickett in the final two innings. Together they allowed the Scouts but three hits and one earned run.

Ela Dumps Grayslake

The week wasn't all Grayslake, however, as Ela-Vernon's Bears victims of three set-backs, moved into the Rams' paddock and copped an 8-4 victory Thursday.

The defeat, first in six starts for the Rams, still left them on top of the conference heap.

Normally a free-wheeling, free-hitting outfit, Grayslake was tied in knots by Rich Uttala, who held the Rams to one hit while whiffing 13. He gave up six walks, which combined with three Bear errors to give Grayslake its tallies.

Ela jumped off with two runs in the first and five in the second and was held in check until its final one run in the top of the seventh.

Grayslake knotted the count two all in its half of the first, came back with another in the second, and likewise remained runless until the final inning. Schreck and Pickett of the Rams allowed nine hits, while their teammates were making five errors.

Grant 1, Ela 0

Ela-Vernon, hot in its role of spoiler after downing the leading Grayslake Rams' previous night, lost a 1-0 heartbreaker to Grant Friday evening at Lake Zurich.

The win, fourth in five outings for Grant, allowed them to remain in a second-place tie with Round Lake. The loss was the fourth in six games for the Bears, who now match the Antioch Sequoits in luckless ball.

The Bears have dropped three

Sequoit Golfers Outscore Grant

Antioch prep golf squad won over Grant 5 1/2-4 1/2 at Spring Valley course here last Friday. The "B" team made it unanimous by downing Grant Juniors 7-1.

This was the first match victory for Antioch against two earlier defeats at the hands of Warren and Grayslake.

Medalist for the Sequoits was John Lear with 49. Other point winners for Antioch were John Hallwas; Bernie Anderson, who split with his opponent; and Kap Bruhn, who halved holes with his man.

PIKE FISHING GOOD

The pike fishing season officially got under way Monday at Petite Lake with prospects excellent, according to reports.

Emerson Buick Sportsmen, Fox Lake
Golf View Motel, Trevor
Genuldi Lounge, 1959 league champ, is expected to field a strong team.
All games will be played on Golf View Motel field. A complete schedule will be announced.

Leon Predicts Winning Second Half for Club

In recapping last week's three games when the Sequoits won one while losing two, Coach Larry Leon promised Antioch fans a winning second half in conference play.

Pitching has been the one bright spot in league play to date, with close games the rule.

A paucity of hits and crucial errors have led to Antioch's downfall in the four of its six losses to date.

The Sequoits have exhibited mid-season form in every phase but hitting, and can be expected to strengthen in this department in weeks ahead, according to Coach Leon.

The Sequoits have engaged in four cliff hangers, all decided by one run. Three of these went against the locals, including last Friday's outing when Grayslake edged Antioch 2-1 behind the 1-hit, 15-strikeout performance of Dennis Williams.

The Sequoits have lost two games by four runs and one by three. None have been runaways and could have been turned into wins with some lively stick work.

Indicative of what might lie ahead was the squeeze bunt with two on and two out in the last inning against Warren Thursday, when Pleviak moved the winning run across.

Although Pleviak is probably the team's strongest hitter, the regularity is missing, and Coach Leon figured his chances of crossing up the opposition in this unorthodox maneuver safer than allowing the batter to hit away. It could be the Sequoits will have to run, rather than hit, for their markers.

Antioch and Grant, ramming home three games last week to make up for cancellations, are the only two conference squads who have played the regular schedule to date.

The Sequoits met Lake Forest here Tuesday (May 2) and journey to Ela-Vernon Friday.

Truelson Cops Three Firsts in Dual Track Meet

Ken Truelson led teammates to three firsts here last week as Antioch dropped a dual track meet to Grayslake 68-50.

Truelson won the low hurdles and the 100 and 220-yard dashes to rank as individual star of the meet. Other first place winners for Antioch were Lance Keisler in the broad jump, Bob Weber in the pole vault and Bud Dittman in the high jump.

The Sequoit 880 relay lowered the school record in winning the 880. Running the event were Lance Keisler, Jim Prossie, Bob Weber and Martin Guenfrey as anchor.

The Rams, last year's conference champs, copped the mile relays and six individual events. Winners were Mike Ledvina, 880; Jim Stone, mile; Bill Beller, quarter mile; Tom DeMeyer, discus; Howie Sorenson, shot put; and Bob Moran and Ben Molis, first place tie in the high hurdles.

Announce Camp for Handicapped Youth

A day-camp program for cerebral palsied and other handicapped children of this area will be held during a six-week period this summer under sponsorship of the United Cerebral Palsy of Greater Chicago.

The camps, to be held from July 10 to August 18, will be held at Adler School, Libertyville, on Mondays, Wednesdays and Fridays during the period.

The camps will be under supervision of specially trained teachers and recreational counselors assisted by adult and teenage volunteers who have had prior training in care of the handicapped.

The program will consist of normal day-camp activities modified to meet the requirements of physically handicapped children.

The camps are open to any physically handicapped child between 5 and 15. Parents interested in enrolling children in the program should contact: United Cerebral Palsy, 203 North Wabash, Chicago 1, or call FI 6-4226.

Fish Starting to Hit

Fishing is picking up in the area, according to reports. Strippers are hitting on minnows at the Wilmet dam, and crappies are plentiful in the channels of Lake Marie.

Some blue gills have been caught with worms in seven to eight feet of water.

Fishing for bass and other kinds is expected to pick up in a few days.

Coach Larry Leon's Sequoits delivered early on promises of a more profitable second half of conference baseball by beating Lake Forest 8-2 here Tuesday.

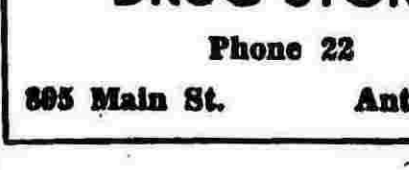

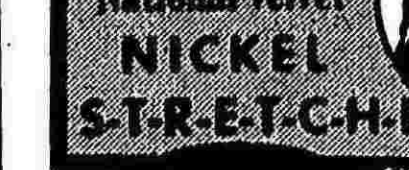

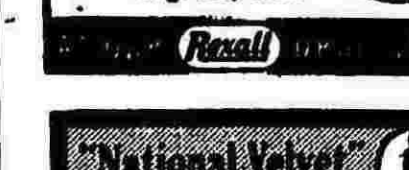

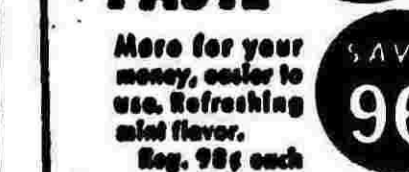

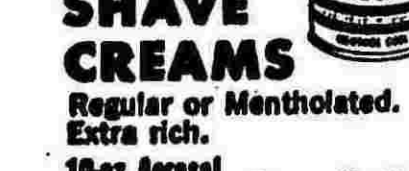

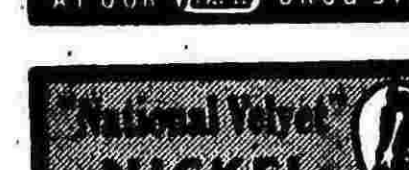

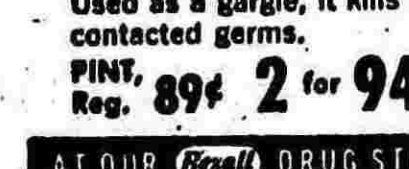

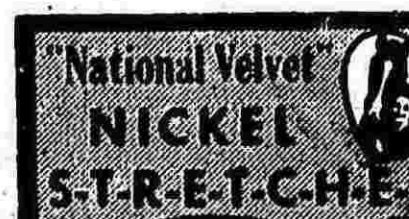

The win, second in eight games for Antioch, breaks a losing skid which had dumped the locals into the conference cellar.

Antioch pumped off in its half of the second with two runs to take a 2-0 lead. Lake Forest scored once in the third, and the Sequoits made it 4-1 in the bottom of the fourth. Lake Forest scored again in the top of the fifth, and Antioch matched this run in their half of the frame, to bring the count 6-2, where it ended.

Handling pitching chores for Antioch were Ozga, who struck out 3, walked 2 and was victim of unearned runs in 4 1/3 innings, and Denman, who struckout 1 and allowed 2 walks in 2 2/3 inning. Winning pitcher was Ozga.

Only extra base blow was by Lake Forest's Page, who rapped out a double.

Bus Contract Awarded; Board To Air Bond Plan

Contract for purchase of a bus body for Antioch High School was awarded Carpenter Co. of Aurora, Ill., by the board of education in its monthly meeting recently. The Aurora firm, bidding \$3,215, was lowest of six bidders.

Contract for the chassis was awarded earlier to Pedersen Brothers, Rt. 173, Antioch.

The investment committee reported it expects to receive the \$995,000 from the building bond sale in two weeks, at which time it will report on the plan for investment of the funds until needed.

The committee is composed of William Brook, Ruth Seyfarth and E. R. Prosser.

The bond sale was made possible through passage of referendum Feb. 11 authorizing financing of an addition to the high school. Construction is expected to get underway on the new structure in early summer.

In other action, the board announced award of surety bond for the school district treasurer to Lumberman Mutual at a premium of \$543.39.

The board also approved a request by Kenneth Smouse that he be allowed to relinquish the teaching of vocal music and devote full time to instruction of English as head of that department. Miss Della Tronchuk, music teacher in Clarion,

la, will instruct vocal music here. She will also teach English.

Employed as librarian to succeed Miss Elsa Tyndall, was Miss Diane Busch, who has been teaching in DeSoto, Mo. Miss Tyndall will return to Centralia, Ill.

William Ehlerdin, teacher of German and mathematics here, plans to end his duties at the high school this year to return to California.

Shots Are in Order as Polio Season Nears

The Lake County Health Department has just completed a survey of selected families which pointed out a need for polio protection among the pre-school children and adults. The survey was conducted under direction of Arthur G. Baker, M. D., director of the Lake County Health Department.

Eight survey teams made up of staff members of the health department interviewed 101 families.

With the rapid approach of the polio season, the health department sought to ascertain the immunization levels. The findings show that of the children under age five less than one half had received three shots of Salk Vaccine.

Dr. Baker pointed out that the oral polio vaccine will not be available to the citizens of Lake County this year and in order to receive protection from Salk Vaccine it is necessary to begin the series of immunizations now. The health department is recommending that all unprotected individuals should see their family physician now and received their first Salk Vaccine injection, the next one month later, and the third, five months later. It is now recommended that everyone should receive an annual booster after their original Salk Vaccine Series.

John Adams, second president of the United States, once volunteered to fight with the U. S. Marines during a sea engagement in 1778.

New Playroom Opened At Allendale School

LAKE VILLA—Dedication ceremonies were held April 23 for a new playroom at Allendale School for Boys here.

The new unit was built for and donated to the school by the Wilmette Optimist Club, which has for many years been keenly interested in Allendale.

The new playroom fills a long standing need at Allendale for a bad-weather play center for the younger boys since the school's gym is in constant use by organized athletic groups.

It is located in an unused area left when an old boiler was torn out in the conversion of Allendale from central heating to individual systems in each building. Clare Appleby, director of Allendale, spotted the area as an ideal place for the proposed playroom.

TEEN-AGE DRACULA

The plans of Prince of Peace Grade School will pull out all stops in their dramatic production "I Was a Teen-Age Dracula," Friday, May 5.

Curtain will go up on this spine tingler at 8 p.m. Antioch High School auditorium.

Crooked Lake Oaks

By Bernardine Long

CROOKED LAKE OAKS—Frank Spilchal, Howard and Eileen Stann, and Bill Seifert represented Crooked Lake Oaks at the recent meeting of the Lake County Federation of Improvement Associations at Grant Township Hall, Ingleside. Arrangements are being made to have samples of water from Crooked Lake tested for pollution. Also brought up for discussion was the growing problem of delinquency and it was decided to have a committee of three from each association to act as "big brothers and sisters," to give help and advice to youngsters with problems.

The Ladies' Auxiliary held their regular monthly meeting April 20 at the home of Virginia Roberson, Elm St. Elizabeth Gann was co-hostess.

Plans were made to cater for the Mother-Daughter Banquet at the Lake Villa Methodist Church this Wednesday. The women catered for the affair in order to raise money for their treasury.

Arrangements were made to have the family potluck dinner scheduled June 24 at the new Oakland Grade School on Millburn and Deep Lake Roads.

The women are selling vanilla and various other spices in order to earn an 80-cup percolator urn. There is still some vanilla flavoring left; anyone interested please contact Cecile Mann, El. 4-7721.

On Tuesday, May 9, at 7 p.m., the women plan to have dinner as a group at the Colony House Restaurant in Trevor, one mile north of Antioch. All the women in the subdivision are invited. For reservations call Bernardine Long.

Welcome home to the Ray Jensen family of Lake Ave., who returned from a two-month vacation at Miami. Also vacationing with them were Elizabeth's father, Charles Erickson, and Mrs. Eleanor Jensen. Ernie Erickson was fortunate in being able to spend two weeks of his vacation in the sunny southland. The Rev. and Mrs. L. H. Messersmith spent a week as guests of the Jenssens in Miami. The Rev. Messersmith is the minister of the Millburn Congregation Church.

Mrs. Mary Keane, Lake Ave., is director for the play, "I Was a Teen-Age Dracula" by Gene Donovan, to be presented by the Prince of Peace Grade School on Friday, May 5, 8 p.m. at Antioch Township High School auditorium.

Mr. and Mrs. Edward Robinson and Mr. and Mrs. Ray Jensen, Lake Ave., were on the committee for the April 18 meeting of the Couples Club at the Millburn Congregational Church.

Jill Fath, Diane Jenssen, Linda Robinson, Robin Sundin, and Diane Wacha participated in a dance recital held at the McHenry Junior High School last Sunday.

For the last three years they lived on Second Ave. in Deep Lake. Mr. Plautz works at Cyclone Fence and Mrs. Plautz at Fansteel. She has just completed a course in cake decorating in the night school classes at the Waukegan Township High School. They have one daughter, Patti, a junior at Antioch Township High School.

Allendale Plans Open House

LAKE VILLA—An open house for friends and guests of Allendale School will be held at 2 p.m. May 21, is was announced here by the school board of trustees, sponsors of the event.

The day will include guided tours of the school, and two softball games matching junior and senior teams against teams composed of sons of visitors and members of the board.

In charge of the open house will be general chairman John N. Garfield, assisted by Thomas A. Reynolds, Edward B. Bertha, Jr.; Mrs. William H. Rentschler, Mrs. Donald S. Flannery, and H. James Douglass.

Boost in Church Enrollment Forces Change in Services

LAKE VILLA—The growth of Sunday school enrollment at Lake Villa Methodist Church has necessitated a change in hours for Sunday services, the Rev. Gerald B. Robinson announced today.

Regular service of worship will be now at 11 a.m.

The entire church building will be used for Sunday school at 9:30 a.m., with classes ranging from kindergarten through adult Bible study. A nursery is provided for infants. The school is in charge of John F. Faigren, superintendent.

The Rev. Robinson leads the adult Bible study group, now in the midst of a four week study of the dissonance literature of the Bible—Proverbs, Job and Ecclesiastes. The class had 23 for the first session April 9. The Rev. Robinson extended an invitation to interested adults to attend to study each Sunday.

Restaurant Operators Hold Food Conference

Food storage and its relationship to disease was the topic for discussion at the Food Sanitation Conference sponsored by the Lake County Health Department in cooperation with the restaurant owners and operators of the county.

The Conference was held recently in the Lake Villa Village Hall, and was attended by restaurant owners and operators from Antioch, Round Lake, Round Lake Beach, Ingleside, Prairie View, Waukegan, Winthrop Harbor, Lake Bluff, Wauconda, Lake Zurich, Fox Lake and Russell.

Men's Club to View Movie on Life of Eisenhower; Want New Members

By Mrs. Bernice Bernan
Elliot 6-5449

LINDENHURST — The Linden-hurst Men's Club will meet tonight at the B. J. Hooper school on Sand Lake Road, in the new all-purpose room. Parking is available at the far north end of the school just off the Sand Lake Road. The meeting will start at 8 p.m.

A portion of the agenda will be a report on the Brick Sale. Unlike most sales of today, "Bricks" are not just "one to a customer." More may be purchased. There will be a progress report on the building fund, plans for the car wash, and the financial report.

The program arranged by Lyle Mercer and Art Nelson includes a movie, "The Eisenhower Story." The film runs for 28 minutes. It is the first time it has been shown in this area. It concerns the life of Eisenhower, before becoming president. It starts with his boyhood, continues through his school days, emphasizes his military career and ends up with the victory in Europe.

Fifteen new members joined at the April meeting.

The club is seeking new members. Meetings evolve closer relations between residents to bring about greater understanding, to encourage the unselfish devotion of time, thought and effort to the advance-

ment of the village of Lindenhurst.

Inspiring the youth, promoting the best interest of the people of Lindenhurst and aiding and abetting the government of Lindenhurst involves the special talents of the club. It is dedicated to promoting, sponsoring and assisting in all manner of youth activities, to bring about good fellowship and understanding with neighboring communities.

To accomplish the adoption of sound policies for the welfare of the community, is the last promise made to the community in article 2 of the constitution and by-laws. The Lindenhurst Men's Club was organized Jan. 16, 1957, by Thor Neumann.

He personally arranged for the first meeting and notified all male residents of the village to participate. He served as chairman and Doug Sanders was elected first president of the new club. Fred Beller became treasurer and Craig Henderson was voted secretary.

The second meeting was held Feb. 1, 1957 and the new constitution and by-laws were approved in general and additional board members were elected.

The Venetian Village Women's Auxiliary will hold a card and game party Friday evening, May 5, in the Civic Hall, starting at 8 p.m. Everyone is welcome to attend. There is a donation charge.

Nominated and elected as new officers of the Lake Villa Consolidated and the B. J. Hooper schools P.T.A. for 1961-62 are Mrs. Robert Murawski, president; Mrs. James Alfredson, vice president; Miss Esther Eichsteadt, secretary; Mrs. Earl Fager, treasurer; and Mrs. Frank Grenus, corresponding secretary.

Mrs. Joseph McGrath of Petite Lake Highlands is chairman of the graduation party for the eighth grade students at Prince of Peace School in Lake Villa. All mothers of seventh grade pupils cooperate to make the party a success but only 10 mothers are on the committee to serve. The mothers on the committee are Mesdames George Anderson, Earl Charbonnier, Harry Grelecki, Charles Hauber, Al Kunitzer, Clifford McCarthy, John Mateja, Edward Rice, Elmer Sheehan and Edward Resol. Thirty-seven children will graduate.

Parents of the graduates, the Sisters and lay teachers and Father David Lynch will be with the group. Seventh grade pupils will entertain.

Congratulations to Mr. and Mrs. Charles (Pat) Reinhart of 105 S. Lindenhurst Drive, on the birth of their first child. Raymond Charles was born April 19 at Victory Memorial Hospital. Dr. Alan Thain of Antioch was the doctor in attendance. The baby weighed 4 pounds 4 ounces.

Maternal grandmother is Mrs. Lillian Pauson of Chicago. Grandfather is Charles A. Reinhart, Sr., of Chicago.

Chuck is the newly-elected president of the Lindenhurst Men's Bowling League for 1961-62. The past season he was secretary. Pat formerly bowled on the Pinspotters League with Maggie & Bob's Town Club.

The infant who arrived two months early, will stay at the hospital until he gains a little more weight.

Dates for the fifth annual Chicken Barbecue and Festival of the Prince of Peace Church have been set for August 3, 4, 5, 6. The chicken dinner will be served on Sunday from 12 noon to 6 p.m.

The graduating class of Prince of

Peace School in Lake Villa are hard at work rehearsing for their play, "I Was a Teen-age Dracula." They will present the play this Friday at the Antioch Township High School at 8 p.m.

The second annual benefit concert for the Countryside Hospital, given by the Lake Villa School band, will be held Sunday, May 14, at the Lake Villa School on Grand Ave., starting at 3 p.m. Tickets may be purchased from any member of the band or at the door the day of the concert.

Members of the Altar and Rosary Society of the Prince of Peace Church in Lake Villa will receive Holy Communion Sunday at the 8 a.m. mass.

Mr. and Mrs. John Grant of Longmeadow Drive, celebrated their 17th wedding anniversary Saturday with friends. The Grants have one son, Robert.

Mrs. James (Jean) LoSasso of Chicago, sister of Joe LaBarbera of 1033 North White Oak Dr., died early Saturday morning. She was buried Tuesday at St. Joseph's Cemetery in River Grove.

Seventeen women met at Mrs. John Slove's home last Thursday evening to show new items they made or are going to make for the Ivy Cancer League Bazaar. Mrs. Pat Amore knitted a large afghan to be awarded to someone for his donation. The afghan will be on display in Slove's Bakery in Linden Plaza.

A happy birthday to neighbors who had birthdays during the month of April. Included are Edna Johnson, John Grant, Denise Golden, Sandy Drago, Glen Gilmer, one year old; Eric Tad Gnoske, one year old; Lynn Dirksen, Darrell McBrayer, Pearl LaBarbera and Bill Bernau.

Mrs. Frank (Helen) Mindak of 105 North Hawthorne Drive was released from Resurrection Hospital last Friday after having surgery the week before.

Students Urged To Consider Work In Pharmacy Field

Have you noticed those posters being displayed in the windows of drug stores?

The 79 pharmacies of Lake County have launched a recruitment campaign for pharmacy students that could serve as a model for recruiting throughout the country.

Major item is a display poster, 44 inches square, with two smaller side cards, that stress the values of pharmacy as a career. They are being displayed in local pharmacies, and some banks throughout the county, according to Richard Doretti, Waukegan, who is president of the Lake County Pharmaceutical Association.

"We decided upon this campaign when we became aware that Lake County was not contributing its share of students to colleges of pharmacy," Doretti explained. "The posters are designed to arouse the curiosity of students and to give them a brief glimpse of the many opportunities in this challenging field."

Last Friday many members of the Association took interested stu-

ELECTRIC WATER HEATING

So Clean, So Safe, So Modern

Today's New Fast Electrics heat water really hot—
really fast—enough for 6 tub baths in one hour!

Twin heating units in a Fast Electric Water Heater heat water so fast—you always have plenty on tap (even if the shower and your automatic washer are going at the same time).

One electric unit heats water at the bottom of the tank, the other at the top. Thus, New Fast Electrics supply 150° water faster than any other kind.

INSTALLS ANYWHERE New Fast Electric Water Heaters go anywhere you want—under the kitchen

counter, in a closet or down in the basement. Electrics are not tied to a chimney by a flue. They require no long pipe runs or vents. There is no pilot to light, no flames or fuel to worry about.

Fast Electric Water Heaters last longer than any other kind. You can expect service of 15 years or more from any electric water heater you buy. For complete facts on the special low rate on electric water heating call our nearest office.

Condell Plans to Observe National Hospital Week in Ceremony May 7

Close cooperation and mutual support has always been a hallmark of the relationship between Condell Memorial Hospital and the wide area of western Lake County which it serves, Thomas Paine, president of the board of trustees of the hospital, said today on the eve of the opening of National Hospital Week.

"Your Hospital—A Community Partnership" is the theme of this year's observance of National Hospital Week which opens Sunday, May 7, Paine said, adding "It is especially appropriate at this time for Condell Hospital because it ties in so closely with the wonderful support we have received from the area during our expansion program fund drive."

"The primary responsibility of the hospital is to provide care for the patients and yet its importance to the community goes far beyond this basic role," Paine added.

Condell Memorial Hospital, as a community hospital has long been a focal point of civic responsibility because it belongs to the communities which it serves and because the entire area has accepted its responsibilities in supporting the hospital, Paine said.

Beyond regular medical care, however, Condell Memorial Hospital is a place of haven and treatment for the hundreds of auto accident victims on the county highways, for the victims of water accidents, and other mishaps which

occur frequently in Lake County's huge resort area.

"Because of this special problem which has become routine for Condell special emergency carts have been prepared, special emergency procedures adopted and a special emergency attitude has become the normal thing at the hospital to serve the needs of the community," the hospital official explained.

To keep pace with the needs of the growing community which it serves Condell Memorial is in the midst of a major expansion program, Paine pointed out.

Highlight of the observance this year will be the annual Capping Ceremony for the Panwasciz, junior nursing corps sponsored by the auxiliary, at the Methodist Church of Libertyville, Monday at 7:30 p.m.

In addition to the capping for those girls who have completed their first year of service, there will be the awarding of the Auxiliary nursing school scholarship, special gifts from the board of trustees for those girls who are planning on a nursing career, and other special ceremonies.

The public is invited.

Drivers should be especially careful while driving through school zones. Give the School Safety Patrols full cooperation as they seek to guard the safety of their classmates.

Electronic Device Speeds Tax Returns

An electronic computer is working behind the scenes to help taxpayers who are expecting federal income tax refunds. Checks are now being mailed within six weeks after date of filing, according to H. Lynn Cavin, officer in charge of the Chicago Disbursing Office of the U. S. Treasury Department.

Describing the new computer system as "the world's largest check-writing machine," Cavin said "that by mid-1961, the equipment will be turning out three million Veterans and Social Security Benefit checks a month. Eventually it will prepare 9 to 10 million checks, disbursing in excess of \$1 billion each month."

The computer has made it possible for the Chicago disbursing office, largest in the Treasury Department, to effectively follow through on recent orders to speed-up payment of refund checks to taxpayers and veterans.

Cavin said that "last December the department installed an IBM 7070 electronic computer which is turning out from 100,000 to 200,000 refund checks a day which is far from the machine's capacity. We set our record in March by issuing more than 650,000 checks in a 24 hour period."

The Chicago disbursement office will handle about 12 million of the over 40 million income tax refunds claimed by the nation's taxpayers. Authorizations for the refunds are sent to the Chicago office on magnetic tape where they are processed through the electronic computer.

Board Mulls New School Expansion

WILMOT, Wis.—Reaction to a new school expansion program will be reported by the high school's board of education May 10.

Suspend Driver's Licenses of Two

Drivers licenses of two area residents have been suspended by reported action of the Drivers License Division, office of Secretary of State Charles F. Carpenter.

Suspended for three violations were the licenses of Albert W. Bieles, RR 1, Antioch, and Theodore Kaciewicz, RR 4, Lake Villa.

They were among 40 Lake County drivers affected by restrictive action of the Division.

STOP PAYING BIG
MID-WINTER HEATING BILLS!

Order your season's heating oil supply on our convenient budget plan...

...with automatic delivery service

We'll divide your total estimated heating bill for a normal season into equal monthly payments, eliminating the problem of large fuel bills during the colder winter months. This makes good sense—particularly by easing the strain during the holidays when other expenses are apt to be heavy. At the end of the payment period, we tally up. If you have paid for more fuel than delivered, you'll receive a prompt refund. If you burned more oil than anticipated, you are billed for the balance. And, when you need fuel, metered delivery is made automatically without reminder or effort on your part. Think of an easier way to buy the cleanest heat-comfort available for your home?

Keeping Your Toddler Safe

By Phil Dykstra
Director of Home Safety
National Safety Council

We still do not know how to prevent many of the diseases of babyhood. But we do know how to prevent most of the accidents in which a baby may become involved. And accidents cause more deaths and more serious damage among babies than any single disease.

In this column, we will describe what you can do to keep your baby safe when he reaches the adventurous age of the toddler, the age from one to two.

It is at this age that baby likes to roam all over the house. He begins to touch, feel and investigate. He likes to climb to unbelievable heights and poke and probe into anything and everything. He opens door and drawers. He takes things apart. He likes to play in water.

At this age, baby hasn't learned all the lessons about danger, and unless you watch and teach him, he can get into trouble. Pediatricians tell us the time to start teaching your child the rules of safety is when he starts to crawl, stepping up the teaching as baby nears his first birthday. It may take four or five years before you can have much confidence that baby is learning to be safe.

The job of teaching safety, of course, is never-ending. To teach safety to a child, start with some simple lessons as the occasions arise—to avoid a hot stove, for example. You should go about the job gradually and consistently.

Here are precautions to take to keep your toddler safe:

Prevent Tumbling—Use safety gates on porches and tops of stairs, Window guards and securely fastened screens are a must.

Doors—Those that lead to basement steps, driveways and danger areas should be locked. Install child safety locks on automobile doors. Keep all poisons under lock and key.

Light Fixtures—Open or unused light sockets should be covered.

Garden Pools—Cover or fence any open pool.

Bath Tubs—Baby should not be left in the tub alone, even for a split second. He may turn on hot water or slip and fall.

Diapers—They should be chemically clean, fit snugly and be securely pinned. Check safety pins and discard those that do not close properly.

Safe Play—At this age, baby's favorite place to play is the kitchen. Turn pot handles away so baby can't grab them.
